FRONTEND WEB DEVELOPER

2.6+ years of experience in building and delivering robust web applications. Proficient in frontend technologies such as HTML, CSS, JavaScript, Bootstrap, React JS, hooks, and MUI. I've developed applications from scratch and enhanced ongoing projects, leveraging strong frontend skills. I'm driven by continuous learning, constantly improving to enhance productivity. Each project fuels growth, offering novel approaches to overcome challenges efficiently. I'm committed to delivering top-notch code, exceeding expectations for client satisfaction. Beyond technical proficiency, I prioritize communication, collaboration, and teamwork for seamless project execution. With a dynamic approach and unwavering dedication, I'm ready to contribute impactful digital experiences and exceptional outcomes to new ventures.

TECHNICAL SKILLS

Techniques: HTML, CSS, JavaScript, React.js, Next.js*, Python, Node.js

Tools: Databases-SQLite, Git/GitHub

Soft skills: Code Review, Problem-solving, Software Development Lifecycle (SDLC), Strong Communication Skills, Collaboration and Teamwork

* Course yet to be completed

PROFESSIONAL EXPERIENCE

1. **Software Engineer - Full Time, MetricStream Bangalore, Karnataka, India**   **Sept 2022 – Ongoing**
   - Developing and implementing front-end architecture to support user interface concepts.
   - Frontend Developer: Utilized React JS,Redux and React Hook Forms for seamless implementation of features in GRC product
   - Developing the fastest and biggest GRC product.
   - Actively contributed to problem-solving sessions and provided technical assistance to team members.

2. **Software Engineer - Full Time, AppPerfect Corp, Udaipur, Rajasthan, India**   **Mar 2022 - Aug 2022**
   - Collaborate with the app development team, including the project manager and developers to identify problems and best practices.
   - Created and delivered a highly efficient application-Bulk Upload Feature to optimize the company's project (BATTERY ARCHIVE-AMPLABS)
   - Resolved technical issues and bugs reported by users, providing timely fixes and solutions.
   - Integrated RESTful APIs for data retrieval, authentication, and other functionalities.

3. **Intern - Full Time, Nxtwave Disruptive Technologies, Hyderabad, Telangana, India**   **Sept 2021 - Mar 2022**
   - Gained foundational understanding of web development, beginning with HTML, CSS, and Bootstrap for project creation during internship.
   - Progressed to dynamic web design by mastering JavaScript, subsequently advancing to React JS and Hooks for building diverse applications, including authentication, authorization, and local storage functionalities. Expanded skillset by exploring Material-UI (MUI) and other essential libraries for creating comprehensive React applications
   - Sample projects during Internship- (**nandikieshop.ccbp.tech, nandikiwikiapp.ccbp.tech)**

EDUCATION

- B. TECH (Mechanical Engineering) – **8.3 CGPA**   **2014- 2018**

ACHIEVEMENTS

- Qualified in GATE-2018,202
- Proven ability to handle multiple tasks, prioritize workload, and deliver results in fast-paced environments.
